

Vote Tabulator Performance Survey
Please complete and mail by Nov. 15, 2006, to
MERA, PO Box 981246, Ypsilanti MI 48198-1246

Local jurisdiction name:

Your name:

Brand/model of optical scan used in this jurisdiction:

1) Performance of the tabulators on election day:

a. Please list problems in opening the election (i.e., a tabulator that will not start, a program that fails to display the correct precinct contests)

b. If tabulators malfunctioned during voting on election day, please note

_____ Instances of ballot jams

_____ Instances where tabulator was rejecting valid ballots

_____ Instances where a tabulator had to be replaced

_____ Instances where a memory card had to be replaced

_____ Instances where counts had to be started over, and all ballots re-processed

_____ Instances where machine total of voters failed to match total number of voters in
poll book

_____ Instances of other types of malfunctions (please describe)

(Continued, please turn over)

c. During closing procedures, describe any problems with tabulators that delayed completing the poll book and/or the optical scan statement of votes.

2) Please describe any other concerns or irregularities observed in regard to the function of the tabulators.

Thank you for your assistance in completing this survey. MERA will compile all of the information returned and prepare a report summarized by county (local jurisdictions will not be named). We will then give County Election Commissions a copy and request that the report be made available to local jurisdictions.
